

## CedarCrestone Performs Upgrade to PeopleSoft 8.8

CedarCrestone was initially contracted by Milwaukee Public Schools to execute a PeopleSoft Upgrade Project Preview for a future HRMS upgrade to PeopleSoft 8.x. The result of the Project Preview was a deliverable document which provided a detailed functional, technical, infrastructure and organizational assessment.

As a result of the Upgrade Project Preview, CedarCrestone and Milwaukee Public Schools worked together to set the upgrade charter, identify the upgrade scope, develop initial work plans, understand the upgrade's organizational and resource impacts, and develop functional and technical recommendations.

Following the Upgrade Project Preview, CedarCrestone was selected by Milwaukee Public Schools to execute the HRMS upgrade from PeopleSoft 7.5 to PeopleSoft 8.8. At the onset of the Upgrade project, Milwaukee Public Schools and CedarCrestone International jointly reviewed the upgrade charter which was created during the Project Preview. The project charter identified five project goals which would later define the project's success:

- On time and on budget with high user satisfaction
- Streamline administrative functions
- Adopt best practices
- Better management decision making through improved data integrity
- Position Milwaukee Public Schools for web-based applications and expanded functionality in the future

On April 26, 2004, Milwaukee Public Schools announced the completion of their successful upgrade of Human Resources, Benefits Administration, and Payroll from PeopleSoft 7.5 to PeopleSoft 8.8. The services provided by CedarCrestone are inclusive of management, functional, technical and training services. CedarCrestone has also been contracted to provide on-going application and technical support for a minimum of six months.

<b>Industry</b>	Government
<b>Modules</b>	Human Resources, Benefits Administration, Payroll
<b>Services</b>	Upgrade
<b>Environment</b>	Oracle Database, Unix Operating System, HP Hardware
